

Interview with Our Chairlady, Grace

Listen to the Chairlady's friendly chat with Noreen Mir on RTHK – Greener Paths about the history of The HKLRRC, our activities, and what we do when we are not racing. But don't take Grace's suggestion and go starfish picking at Hoi Ha Wan in Sai Kung. She actually meant to say starfish observing and shell picking on the beach. Those who may find this disturbing can rest at ease as the HKLRRC does not organize such activities and I am sure we all try to observe environment protection the best we can.
